

**BOSCH****BKK**

## We offer a number of additional benefits for pregnant women and young families:

▶ **BabyCare**

BabyCare is the optimal addition to medical check-ups during pregnancy. The tips from the program can help to significantly reduce the risk of a premature birth. One reason for this is the peace of mind that BabyCare provides – a good foundation for a smooth pregnancy.

▶ **On-call midwife**

A midwife can give you peace of mind – particularly during your first pregnancy. A 24-hour on-call service is even more reassuring. You can arrange this with your chosen midwife, who must be a registered care provider. You can pass on the invoice for this service to us later and we will reimburse up to 250 Euro.

▶ **Check-ups for children and adolescents**

Bosch BKK covers the costs for all necessary check-ups for your child – not just up to U9, as prescribed by law, but U10\* and U11\* too. And the costs of J1 and J2\* for adolescents are also covered. In addition to our reminder service for check-ups U7 to U11, as well as J1 and J2, your child will receive a small surprise from us after each check-up from U7 to U11. Children and adolescents who have completed J1 and J2 take part in a monthly prize draw.

▶ **Rooming in**

No child likes being in hospital. Certainly not alone. And there's no need for them to be alone, as you can stay overnight with your child. Bosch BKK covers the costs for this – for children under 8 years of age.

▶ **Antenatal course with partner**

Pregnancy is a truly special time. For your partner, as well as you. This is why we invite you both to take part in an antenatal course. As your health insurance provider, we cover the costs for you – and if your partner is also insured with us, for your partner too, up to a total of 80 Euro per pregnancy.

▶ **We reward a healthy lifestyle**

We offer attractive bonus programmes for the entire family. With G-win, participants from 15 years of age can receive a bonus of up to 215 Euro a year with G-win junior, children between the ages of 6 and 14 can receive up to 60 Euro a year. And with G-win mini, even the smallest members, from birth to 6 years of age, can build up a total bonus of up to 150 Euro.

By the way:

Providing proof of your care during pregnancy in a maternity log and taking part in “BabyCare” or “BabyCare-Nutrition” also counts towards G-win. Another tip! Adults can take part quickly and easily online: [Meine.Bosch-BKK.de](http://Meine.Bosch-BKK.de)

▶ **Family hotline**

Do you have questions about family life and need advice from someone with the necessary knowledge? Our experienced experts are on hand around the clock at 0711 811-40020.

▶ **Children's health online**

Our online platform offers a wealth of useful knowledge relating to the topic of children's health and nutrition. [Bosch-BKK.de/Kindergesundheit](http://Bosch-BKK.de/Kindergesundheit)

▶ **Home help**

If you can't manage the household chores due to illness, pregnancy or a stay in hospital, we will reimburse the costs for home help. In order for the costs to be reimbursed, no other family member must carry out the chores and there must be a child under 14 years of age (the law stipulates up to 12 years of age) living in the home. If a spouse or other family member carries out the household chores, and has to take unpaid leave to do so, Bosch BKK will pay up to 99.33 Euro for each working day for a maximum of 2 months – minus the copayment amount.

▶ **FamiliePlus**

When are your children next due at the dentist or medical check-up? What are the best tricks for dealing with stubborn little mules? How can you find balance in periods of stress? With the online medical care manager FamiliePlus, families receive all health-relevant information from a single source: Care, advice, tips and information – always at the right time.
