SEE AN ONLINE DOCTOR!

SAVE YOURSELF A TRIP: SEE YOUR DOCTOR OR PHARMACY ONLINE.

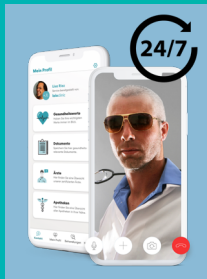

Do you need to visit a doctor but are not keen on an overcrowded waiting room?

Have you moved house and are still looking for a new GP?

Or maybe you need a follow-up prescription?

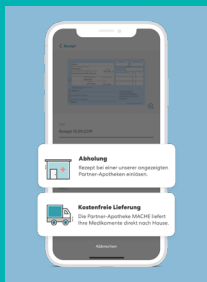

You arrange an appointment with the doctor via the TeleClinic app.

The online doctor will video call you back after 30 minutes to advise you and give you a follow-up prescription if you need it.

The online doctor will arrange a private prescription* and send it to your mobile phone.

You pick up your medication from the pharmacy or have it delivered to your door.

This saves you valuable time that you can spend on your hobbies, for example.

KEY ADVANTAGES

- No need to go anywhere
- Speak to your doctor from anywhere in the world
- Doctor's appointments any time of the day – even during the night and at weekends
- No waiting times: call-back within 30 minutes or at your chosen time
- Receive private prescriptions* and certificates of incapacity for work directly to your mobile phone
- Short reports about online treatments and prescriptions in the app
- Convenient if you do not (yet) have a permanent GP or specialist physician
- Premium version is free for Bosch BKK insurance holders
