We may also need some additional information about your spouse/partner if our family insurance policy is to cover your child/children only. In this situation, we require general information about your spouse/partner's insurance and, if he/she **does not have statutory insurance** and is not related to the child/children, information about his/her income. Proof of income must be provided, and supplements paid based on marital status must be excluded from the information about income.

Please note that it is illegal to have family insurance from multiple insurance providers at the same time. We would ask you to ensure that your information makes it clear that you do not hold multiple family insurance policies.

This information is necessary for establishing the insurance relationship (sections 10 and 284 of Germany's social security statute book, no. 5; section 25 of Germany's social security statute book, no. 11; section 7 of Germany's health insurance law for agricultural workers ("KVLG") from 1989). With my signature, I confirm that the information supplied is correct. I shall notify you immediately in the event of any changes, in particular if there is a change in the gross income of a family member, or if one of the above-named family members obtains membership of an insurance provider's scheme or obtains private health insurance.

Children can be insured under family coverage

- if they are under 23 years old, and they are not gainfully employed or
- if they are under 25 years old and are enrolled in full-time education.

If education is interrupted by compulsory service (military or civilian), family insurance coverage continues beyond the 25th birthday by an interval corresponding to the duration of service.

Family insurance coverage ends

- with the end of the membership of the insured party on whose membership the family coverage is based.

Children cannot be covered by family insurance if the spouse related to them

- is not a member of a statutory health insurance plan and
- has an income that regularly exceeds 6.150,00 euro (2025) per month and
- regularly earns more than the spouse.

Family members cannot be covered by family insurance if they are full-time self-employed.
